HIGH POINT FURNITURE INDUSTRIES CELEBRATES 50th ANNIVERSARY

(High Point, NC) High Point Furniture Industries celebrates its 50th anniversary this year. To recognize this milestone, HPFI recently hosted a reception in its showroom at the NEOCON World's Trade Fair on Monday, June 9, 2008.

Harry Samet founded High Point Furniture Industries in 1958 and it remains a privately held, veteran-owned business. The first products were novelty furniture items for the home (TV stands, record cabinets). HPFI entered the office furniture market in 1963 with the introduction of the first budget-priced wood desk - the 100 Series. Previously, low-cost desks were made primarily of metal while wood desks were significantly more expensive.

HPFI operates in two manufacturing facilities in High Point, North Carolina with over 440,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFI combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.
