HPFI® Upholsteries Services Expanded

HPFI (High Point Furniture Industries) is pleased to announce that their web site now offers online digital upholstering capability and online ordering of upholstery samples. On the top, right side of the home page at www.hpfi.com, visitors can click on the Mayer Fabrics link and select one of 27 different upholstered seating products and upholster on screen in any graded-in Mayer Fabrics fabric, vinyl, faux leather or Woven Crypton material. The image can be printed, e-mailed or saved for use in a customized presentation.

Additionally, visitors may also search through the graded-in upholsteries offered by Mayer plus Morbern, C F Stinson, Momentum and Douglass Industries and order memo samples. Samples are normally shipped on the same day as ordered directly from each of these HPFI business partners and arrive on the second or third day. Specification sheets for all graded-in upholsteries are also available to print, e-mail or save.

HPFI operates in two manufacturing facilities in High Point, North Carolina with over 440,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFI combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.
