## Casegoods

**Atlas** presents executive-level modular casegoods with 1-1/2"-thick worksurfaces and contemporary Reed-style edge design. All feature **AdvantEdge**, an extra-durable 3mm banding for long term durability and aesthetics.

Unique curved corner and computer corner desks with standard keyboard platform allow executives comfortable pullup to computers. By eliminating back-to-the-door computing, these desks promote collaboration and communication, helping executives remain ready to receive colleagues and visitors.

### Choose full or 3/4-height individually locking pedestals.

Drawers include smooth-action, captive steel ball-bearing slides.

Full extension slides on all file drawers provide complete drawer access.

Pre-installed filing hardware offers easy-adjust legal and/or letter filing front-to-back or side-to-side.

Extensive wire management standard. Accessory wall, accessories and tackboards all tailor offices to individual needs.

Optional center drawers and keyboard supports available.
