Seating

Meeting/Collaborative Chairs

CHARACTERISTICS

Timbre stools feature polypropylene seat and back engineered for comfort. The open design of the back not only is aesthetically pleasing, but offers a cool, breathable surface. The two-piece clam shell construction of the seat also ensures a comfortable respite for longer-than-expected conversations at a **Matrix** touchdown table or behind an **Eve** banquette.

Select any upholstery from the HPFi core suppliers or COM (customer's own material) to soften the aesthetics and comfort of the seat.

SEAT/BACK COLOR OPTIONS

- B** Black
- G** Gray
- W** White

CARE AND CLEANING INSTRUCTIONS

Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.
