Press Release

HPFi[®] to Discontinue Bedford Collection

HPFi (High Point Furniture Industries, Inc.) will stop accepting new orders for the [Bedford](#) Collection of [casegoods](#) and [tables](#) on March 17, 2023.

The [Bedford](#) Collection, introduced in the early 1980's, was one of the first laminate-based products to deliver the quality and aesthetics of much higher priced veneer and hardwood casegoods. With dwindling demand and increased difficulty sourcing the quality components necessary, HPFi has made the decision to discontinue the collection.

If you have any ongoing projects or quotes for the [Bedford](#) Collection with a client, please contact your HPFi Customer Service Representative as soon as possible. If you have any further questions about the discontinuation of these products, please reach out to HPFi's sales and service teams or your local sales representative for assistance. You can reach the HPFi offices by telephone at 800.447.3462 or by email at info@hpfi.com.

HPFi operates a 4,100 square foot showroom at its manufacturing facilities in High Point, North Carolina. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.
