## HPFi<sup>®</sup> Updates Casegoods Portfolio

High Point, NC – HPFi (High Point Furniture Industries), a leading manufacturer of commercial grade furnishings for business, education and healthcare, is proud to announce that we have streamlined the highly successful Hyperwork and Hyperwork Education product lines. The update to our casegoods portfolio will greatly improve our operations and efficiency while maintaining our high standards of quality.

"This is an exciting time for us, and we are confident that our business associates and clients will appreciate the superior quality of our product portfolio," said Doug Gaines, Vice President of Sales for HPFi. "We remain committed to delivering exceptional seating, casegood and table products to our valued business partners and we look forward to continuing to exceed their expectations for many years to come."

While several items have been removed from the published offering of casegoods and tables, the retained items represent over 90% of the historical shipments and installations. Most of the products eliminated from the posted, active assortment will be available on a project-by-project basis through the HPFi Sales and Service team.

HPFi operates manufacturing facilities and a 4,100 sq. ft. showroom in High Point, North Carolina. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.

For additional information on HPFi, please contact Tom Carrigan, Vice President of Marketing, 1104 Bedford Street, High Point, North Carolina 27263, Telephone: 336.431.7101 Ext. 2241, Fax: 336.431.0673, Email: [TomC@hpfi.com](mailto:TomC@hpfi.com).
