HPFi® Introduces New Fun Shapes of Ottoman Seating

HPFi (High Point Furniture Industries) is excited to introduce six new playful shapes to its Flex Ottomans line. The "Fun in the Sun" collection is designed specifically for early education environments, with each piece featuring a 15" seat height. As with all HPFi upholstered seating, these ottomans can be specified in thousands of contract-grade woven textiles and coated fabrics.

The "Fun in the Sun" collection features two land-inspired shapes and four water-themed shapes:

1581 – Three-Leaf Clover Ottoman

1582 – Dog Biscuit Ottoman

1585 – Boogie Board Ottoman

1586 – Seashell Ottoman

1587 – Shark Ottoman

1588 – Sea Turtle Ottoman

These new fun shapes of Flex Ottomans are now shown on the HPFi web site. Several assets to support their specification and use are accessible on the web site including a cutsheet, price list, specification documents plus 2D and 3D CAD planning symbols and Revit family.

HPFi maintains its manufacturing operations and a 4,100 sq. ft. showroom in High Point, North Carolina. Drawing on its deep roots in the furniture capital of the world, the company blends the craftsmanship of experienced furniture makers with modern technology to provide outstanding value to its customers.
