HPFi® Further Expands Flex Seating Line

HPFi (High Point Furniture Industries) is pleased to announce another expansion of the Flex seating line. Flex Tiered seating was originally introduced in 2015 with Tiered modules and Ottomans. Since then, HPFi has added Flex Lounge and additional options in Tiered and Ottoman seating. Now HPFi is more than doubling the Flex Tiered seating options with all-wood and combination wood-upholstered models and extending the Flex Ottoman collection with new shapes in both 18” and 30” heights.

Flex offers comfortable, multi-level seating for groups to gather for impromptu meetings or casual gatherings. It is ideal for classroom, conference room, lounge or open atrium areas. Flex makes gathering spaces useful. Flex now includes Tiered, Wall, Ottoman and Lounge collections that may be grouped and re-configured to create an almost endless variety of seating spaces. The complete collection can be found on the HPFi web site at https://www.hpfi.com/products_seating_lounge_flex.php.

“These additions are the next phase of alternative seating designed to accommodate the individual demands within the education or corporate setting” said Doug Gaines, Vice President of Sales for HPFi. “This Flex expansion gives HPFi the most versatile line up of collaborative seating available in the marketplace.”

HPFi operates manufacturing facilities and a 4,100 sq. ft. showroom in High Point, North Carolina. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.

For additional information on HPFi, please contact Tom Carrigan, Vice President of Marketing, 1104 Bedford Street, High Point, North Carolina 27263, Telephone: 336.431.7101 Ext. 2241, Fax: 336.431.0673, Email: TomC@hpfi.com.
