HPFi[®] Further Expands Flex Tiered Seating Line

HPFi (High Point Furniture Industries) is pleased to announce another expansion of the Flex Tiered seating line. Flex Tiered seating was originally introduced in June, 2015 with straight two-and three-tier options plus two-tier corner modules. In 2017 HPFi added 30° wedges. The latest addition is the a two-tier unit which includes built-in storage in the lower tier making it perfect for all levels of education from Kindergarten to colleges and universities. The Flex 2102 is also a great solution in the corporate campus, recreation centers and multi-purpose facilities at religious institutions.

Flex Tiered Seating offers comfortable, multi-level seating for groups to gather for impromptu meetings or casual gatherings. It is ideal for classroom, conference room, lounge or open atrium areas. Flex makes gathering spaces useful. Straight and wedge models may be grouped and re-configured to create a variety of seating spaces

“The Flex cubby storage is the next phase of alternative seating that is designed to accommodate the individual demand of the user” said Doug Gaines, Vice President of Sales for HPFi. “This Flex cubby storage tiered seating gives HPFi the most versatile line up of tiered seating available in the marketplace.”

HPFi operates a 4,100 sq. ft. showroom and two manufacturing facilities in High Point, North Carolina with over 400,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.
