HPFi[®] Introduces Parsec Pull-Up Table

HPFi (High Point Furniture Industries) is pleased to announce the latest companion to its collection of lounge seating. The **Parsec** pull-up table is a perfect complement to support collaborative work and school tasks. Pull this auxiliary work top close for a temporary writing surface or support of mobile electronic devices. Its low profile base allows the table to be used with HPFi lounge seating series. Parsec is an ideal companion for the **Flex** collection of tiered, ottoman and lounge seating.

The gently curved top is 1" thick and features a waterfall radius edge for optimum comfort. The Parsec work surface also features a sweeping radius on all 4 sides for a unique shape and a generous 18" x 12" work area. The upright post is offset on the steel base, but also has a gentle arc towards center to offer maximum access while seated.

“Parsec is the perfect personal table design to compliment the individual space experience” said Doug Gaines, Vice President of Sales for HPFi. “The design of this table will work with virtually any HPFi lounge seating line.”

HPFi operates a 4,100 sq. ft. showroom and two manufacturing facilities in High Point, North Carolina with over 400,000 square feet of manufacturing space. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.

For additional information on HPFi, please contact Tom Carrigan, Vice President of Marketing, 1104 Bedford Street, High Point, North Carolina 27263, Telephone: 336.431.7101 Ext. 2241, Fax: 336.431.0673, Email: TomC@hpfi.com.
