Press Release

For Immediate Release

HPFi[®] Updates *Healthy Workplaces* Brochure

HPFi[®] (High Point Furniture Industries) is pleased to announce the immediate availability of the newly updated [Healthy Workplaces](#) brochure. The new brochure has double the number of pages highlighting HPFi products that provide for a safer return to the workplace.

“Proper personal spacing will become a subconscious mind set in work and learning environments as we move towards the new norm”. “You want to be comfortable and stay healthy at work or school” said Doug Gaines, Vice President of Sales for HPFi. “In open community spaces it is important to allow small groups to gather while maintaining appropriate, healthy distances.”

As exhibited in the brochure, furniture can define and promote healthy gathering spaces. [Eve](#) and [Eve Harbor](#) seating, [Matrix](#) touchdown tables, [Flex Mobile](#) Lounge, Ottoman and Tiered seating offer unique and private spaces. Furniture placement can guide healthy behavior by creating safe spaces for work and school environments.

[Eve](#) club chairs and teaming chairs with non-handed tablets allow flexible distancing within meeting groups. Study or work uninterrupted by distractions and quiet by design. [Eve](#) Harbor, shown in the brochure paired with [Parsec](#) tables and [Flex](#) ottomans. Also featured in the brochure are [Hyperwork](#) and [Vision](#) series' [Mobile Team boards](#) which functionally separate office spaces.

HPFi operates manufacturing facilities and a 4,100 sq. ft. showroom in High Point, North Carolina. With roots in High Point, the furniture capital of the world, HPFi combines the skill and expertise of seasoned furniture craftspeople with modern day technology to deliver exceptional value to its customers.

For additional information on [HPFi](#), contact Tom Carrigan, Vice President of Marketing, 1104 Bedford Street, High Point, NC 27263, telephone: 336-431-7101, ext. 2241, email: TomC@hpfi.com.
