Orbit

Seating

Meeting / Collaborative Seating

The **Orbit** chair is a great addition to the HPFI lounge seating offering. Its classic design fits the modern day demands of the collaborative work or learning environments. Its one-piece, molded plywood construction offers a fixed back angle selected for optimum comfort.

The non-tilting seat mechanism offers a full 360 degree swivel. Adjustable floor glides ensure smooth, level operation on any floor surface.

Enhance collaboration with the "orbiting" tablet that travels up and down with the seat and also swivels 360 degrees for right- or left-hand use.

The upholstery selection is more critical due to the unique design of the **Orbit** chair. Contact your HPFI sales or service representative for a list of specific fabrics which have been tested for best results.

Meets or exceeds ANSI/BIFMA standards. Limited lifetime warranty

Any dimensions listed are width/depth/height overall. Reference current HPFI Price Book for complete descriptions. Specifications subject to change without notice.
