Healthcare Seating

Treatment Chair

Comfort, form and function are the essential building blocks for any HPFIi product. Nowhere is this more critical than in a healthcare setting where patient comfort is essential to maximize relaxation and recovery while simultaneously providing caregivers with equipment that looks great and performs flawlessly.

Standard Features

- Lay-flat mechanism allows for administering a wide variety of treatments without use of a bed or gurney
- Independently operated back and foot rest
- Pneumatically controlled back with infinite adjustment
- Sinuous wire spring suspension and high density foam for durability and patient comfort
- Full length foot rest provides support to patient's entire leg
- Pull-out foot tray for easy patient transfer
- Swivel casters (front) and locking swivel casters (rear) offer zero-turning radius for maximum maneuverability
- Back release located on outside of arm (right side facing is standard location)
- Standard width models rated to 500 lbs.
- Pillow back models include repositionable pillow.
- Warranty: Limited lifetime on seating componants. Three years on wearable parts (recliner mechanism and casters)

Trendelenburg Tilt Feature

Offers a negative 3 degree pitch from the full flatbed position

Additional Options

- IV pole and holder
- Back release finger pull can be located on inside of either arm or outside left facing
- Two color upholstery combinations available
  - Seat/Back: First fabric
  - Arms: Second fabric

Brushed Aluminum or Black Powder Coated Push Bar

Optional black or brushed aluminum push bar with black textured grip.

High-Carbon Steel Frame

Delrin bushings at critical wear points. Wear-tested at 50,000 human occupant cycles.

Arm Caps

Black polyurethane or wood arm caps (available in 11 standard finishes.)

Chair Controls

Optional brushed aluminum foot rest lever with black textured grip to replace standard black lever. Hands-free foot pedal to activate Trendelenburg feature.

Tente Casters

3" non-marking dual wheel swivel casters. Pressed steel housing with double ball bearing swivel head. Locking rear casters.

Folding Side Table

Optional side table locks solidly in place yet easily folds flat. Shown on Haley Recliner 840.

Tablet Arms

Select from two optional tablet arms.

Pillow Back

Tufted pillow back on 834, 835, 836 and 837.

Bariatric Widths

28.5" inside clearance rated at 750 lb. capacity.

IV Pole

Can be mounted on either arm/side for optimum access and patient portability.

Heat & Massage

Operated through push-button control located on inside of arm (not available on pillow back models).

Accessory Hook

Provides convenient placement for drainage bags or securing restraints.

Any dimensions listed are width/depth/height overall. Reference current HPFi Price Book for complete descriptions. Specifications subject to change without notice.
