Tone

Seating

Breakroom · Guest · Reception

Tone seating features lightweight and durable polypropylene seats engineered for optimum comfort. Backs are available in cool, breathable mesh or solid, lightly textured polypropylene surface. The two-piece clamshell construction of the seat ensures comfort whether it is solid or fully upholstered. Armless and armchair versions are perfect side/guest chair companions for the ETC swivel desk chair, breakrooms, training rooms, lobbies, etc.

Design Details

- Solid polypropylene or cool mesh back
- Arm and armless models for multiple applications and configurations
- Available with easy-to-clean polypropylene or upholstered seats
- Clamshell seat construction
- Chrome-plated tubular steel frame includes non-marring floor glides
- Hybrid soy-based, CFC-free foam in upholstered seats
