Seating
Children's Lounge

Like **Eve**, this youth-sized version offers the ability to design comfortable and flexible seating arrangements for all sizes of reception and lounge areas. Perfect for elementary and middle school-aged children in pediatrics, schools, places of worship and anywhere child-size seating may be needed.

Designed by IHDG

Evette features the same quality construction as the HPFI® full-size **Eve** product family. It includes many of the same elements such as single and multiple seat units, straight and curved, with and without backs, benches and matching tables. Along with the full-size **Eve** pieces, the child-size **Evette** integrates seamlessly for ganged or independently freestanding seating.

Evette. Just a "little" addition to our twenty plus reception and lounge furniture series. Built to order in North Carolina.
