Steps modular lounge seating components can be configured, expanded and reconfigured as your business grows and changes. Every component is a seating module, ensuring maximum seating capacity and optimum space-efficiency in your facilities. Full-to-the-floor bases are fully upholstered. Seat and back modules are field replaceable, offering renewability down the road.

The 90˚ Corner Unit may be placed or connected with adjacent seat modules. Diagonal front increases leg room while the diagonal back enhances lumbar support and comfort.

All units are shipped with metal fasteners pre-bored into the seat frames (nuts/bolts supplied). Metal-to-metal connection enhances long term reconfigurability.
