PowerFlex™ Innovative Power Solutions

PowerFlex Cove™

Specifications

The Cove is a versatile power and charging solution designed to seamlessly integrate power and USB charging ports into a variety of spaces. Available in an array of configurations and flexible mounting options, the Cove can easily change any area into a powerful multifunctional space. Ideal applications include collaborative reception/lounge furniture, casegoods, tables and soft sided seating.

PowerFlex Cove Offers the Following:

The sky is the limit!

Multiple configurations mix A/C power and USB with three sleek finishes to meet all individual requirements.

Enhanced USB Charging Technology

Powered USB ports now charge your favorite devices while in use.

Spill Resistant Receptacles

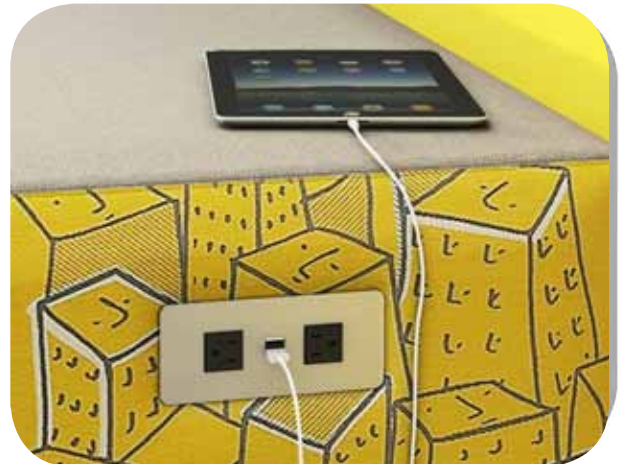

Protect against unexpected spill hazards and provide freedom to mount the Cove face up in table surfaces.

Power Below the Work Surface

Convenience receptacles on select models provide additional power outlets for stationary accessories.

Rotated Receptacle Orientation

Receptacles are strategically positioned to optimize the surface area of each unit accommodating large and small device plugs.

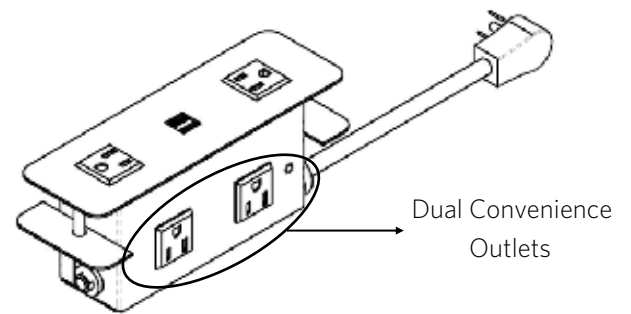

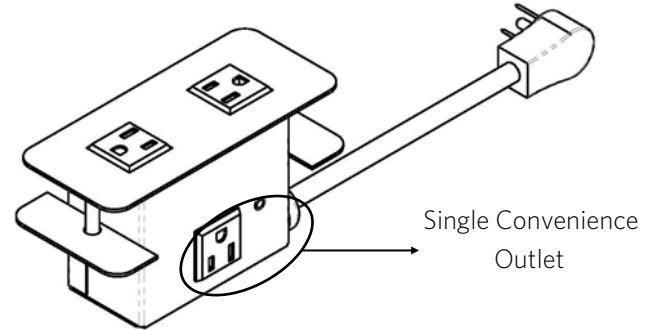

- ETL Listed
- 12A, 120 VAC spill resistant receptacles
- USB 2.1A (10.5W) charging ports
- Integral circuit breaker protection for units with four or more receptacles
- Cord length: 108"
- 90° Flat plug with 45° rotation
- All metal construction.
- Clamp mount.
- Mounts to surface thicknesses: .75" - 1.25"

PowerFlex Cove™

Product Configurations

Models with Convenience Outlets

Take advantage of convenience outlets available on select models of the Cove that offer users access to power beneath the work surface. Convenience outlets are perfect for stationary accessories like lamps, computers, or monitors which do not need to be accessed often allowing more room to plug in temporary devices like laptops, tablets, and mobile phones above the work surface where they are more easily accessible.

Cautions:

- Read Instructions · Read all warnings and operating instructions before using.
- Retain Instructions · Retain this Instruction sheet for future use.
- Never use in a wet environment. Never allow liquid of any kind to spill onto, or enter any part of the Cove.
- Follow Warnings · Read and follow all warnings and directions in this instruction sheet and marked on the equipment.
- Service · There are no user serviceable parts in this product. Do not open or modify the Cove in any manner.

Warnings:

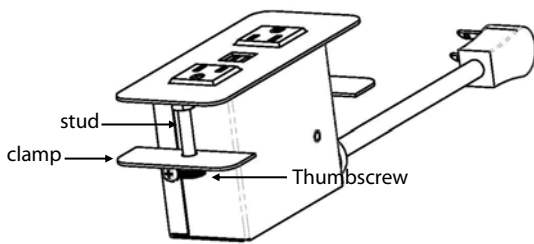

- Power Source · This product is only to be operated from the power source indicated on the Cove. Use only with a grounded (neutral) conductor. For safety, do not bypass or disable the third (grounding) pin.
- Power Disconnection · To remove powered devices safely grasp the device's plug and pull straight from the powered outlet. Do not pull on the device cord or remove the plug from any angle other than straight from the outlet. Never touch the metal conductors on the plug during connecting to or removal from the product.
- Power Cord · Route the product's power cord where it will not be stepped on, pinched, have devices placed on it or become a tripping hazard. Never allow the power cord to sit in any liquid.

WARNING: FAILURE TO FOLLOW THESE CAUTIONS AND WARNINGS BELOW COULD RESULT IN ELECTRICAL SHOCK, FIRE, PROPERTY DAMAGE, PERSONAL INJURY OR DEATH.

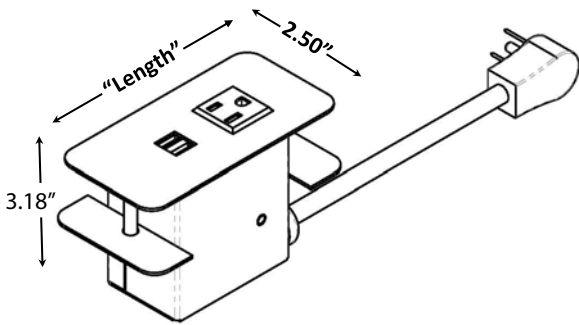

PowerFlex Cove™

Sizing Chart

The Clamp mounting method requires no tools, and is best suited for installations where the back of the unit is easily accessible. The clamp mount works well for desks, benches, tables and case goods. The Cove is fastened to the furniture from the rear by tightening the thumbscrews.

Find the dimension marked "Length" for each appropriate unit according to the size charts.
