Flex Tiered & Walls

LOUNGE SEATING

Comfortable Multi-Level Seating

Flex Tiered Seating makes perimeter space useful. Multiple 2-Tier and 3-Tier options with 2-Tier corner modules may be grouped and re-configured for a variety of seating spaces. Flex is the foundation for spontaneous gatherings. As movable interior architectural elements, the wood Flex Tiered can become a temporary bleacher venue. Wood Flex Tiered can be specified in most standard HPFi wood finishes. Flex Walls add functionality and privacy integrated with Flex Tiered seating. Adding shelves to Flex Walls provide a standing-height work level.
